Espresso coffee machines

THERMOBLOCK

Perfect temperature

The Thermoblock* heating system ensures that the temperature is kept in the optimum range for the best coffee, as it only heats as much water as it needs, making it more energy efficient.

PRESSURE GAUGE

At-all-times control

PressurePro manometer* allows for real-time pressure checking. This will allow you to prepare perfect coffee, as it ensures maximum extraction of coffee properties, resulting in maximum flavour.

*Not available with Power Espresso 20, Power Espresso 20 Professionale, and Power Espresso 20 Barista Cream.

*Not available with Power Espresso 20, Power Espresso 20 Professionale, and Power Espresso 20 Matic.

PRESSURE GAUGE

At-all-times control

PressurePro manometer* allows for real-time pressure checking. This will allow you to prepare perfect coffee, as it ensures maximum extraction of coffee properties, resulting in maximum flavour.

*Not available with Power Espresso 20, Power Espresso 20 Professionale, and Power Espresso 20 Barista Cream.

DOUBLE SPOUT

Ideal for individual use or shared

Brew 1 or 2 coffees at the same time thanks to its portafilter with double spout. The base tray can be adjusted in height for larger or smaller cups to fit, ensuring maximum adaptability and the best coffee results.

VINTAGE DESIGN

Fall in love every morning

Discover a complete range of products with a unique design that will greatly improve your breakfast. Give your kitchen a special touch and finish of your choice. Fall in love with their designs every morning while you enjoy dreamy flavours.
